## Letter From the Director

We are in a New Year, with new possibilities, new challenges and most importantly new opportunities to grow our businesses and to spend more time with our beloved pets and families. Lets make it a great year and always focus on the bright side each day brings us.

In 2022 Nutribyte plans to release even more great products and this year we will focus on more Specific needs our furry friends need. Keep an eye out for unique diets and treats, formulated to help with very common and irritating health issues. Soon your head scratching will be over and a great solution will arise. As with all good things, they take a lot of time, passion and resources to be offered in the only way we know: Perfection.

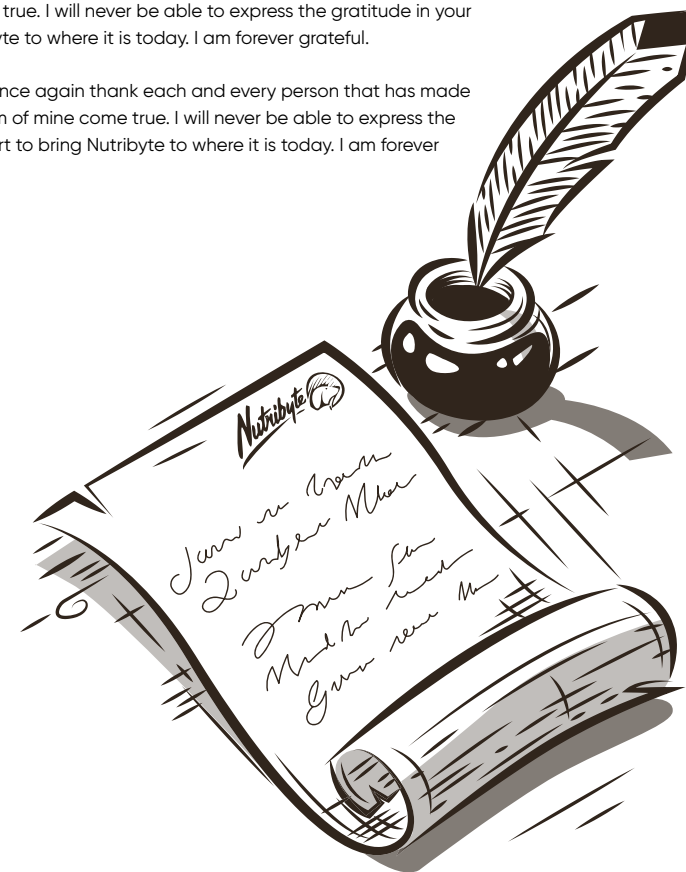

Nutribyte's sister company, Nutrimed Animal Health, will also take the country by storm in the Healthcare division. The best nutrition can help with numeruos ailments and keep your furry friends healthy and fit, but sometimes a little extra just makes things perfect! Keep an eye out for this exciting range launching soon! More products will be added as registrations come through. Feel free to let them know if you need or want something unique. Most importantly, I would like to thank each and every person that has made this brand and exceptional dream of mine come true. I will never be able to express the gratitude in your trust and support to bring Nutribyte to where it is today. I am forever grateful.

Most importantly, I would like to once again thank each and every person that has made this brand and exceptional dream of mine come true. I will never be able to express the gratitude in your trust and support to bring Nutribyte to where it is today. I am forever grateful.

Best regards

# Premium Pet Nutrition

## Mission

Nutribyte is a proudly-South-Africa pet food manufacturer and works with an expert Vet with over 35 years in veterinary product development, along with a team of Animal Nutritionists with a wealth of experience and knowledge in pet food formulations. We manufacture Pet Nutrition diets with the highest standard and care, to ensure only the best nutrition in every bag! Nutribyte fortifies all its diets with essential nutraceuticals like MOS & FOS, L-Carnitine, Beta-Glucan, Glucosamine along with essential amino-acids to ensure your beloved pet an even healthier lifestyle.

Animal proteins used are of the highest quality in the world to provide ultimate digestibility and constant quality assurance. Each diet uses different human grade meat meals of chicken, porcine and turkey species. Only a balanced blend of poultry fat and oils are used to supply fat as a critical energy source in all Nutribyte diets. Nutribyte truly offers "Balanced Nutrition in every Byte."

We are passionate about using science, nature and experience to develop, formulate and manufacture the best Pet Nutrition diets and treats we can offer with sustainable resources available. All diets are made in FSSC, ISO and HACCP certified factories with state-of-the-art machinery and processes for the best quality products.

Our range is available in all sizes from 1.5kg to 40kg bags to accommodate all household sizes.

Feel free to contact us for more scientific references or if you have any questions regarding your beloved pet's veterinary recommended dietary requirements. At Nutribyte our main focus is to provide consistent, quality, and trustworthy Pet Nutrition products to all market segments within South Africa and also to the rest of the world.

## Vision

Teamwork, honesty, respect and integrity form the 4 pillars of the Nutribyte workforce. Nutribyte's aim and focus is to fill a gap in the market by supplying world class diets to all South Africans and international markets. By using South-African resources as far possible, we also help support South-African businesses.

## Added Values

- Proudly-South-African based, family-owned, animal-health and pet-nutrition business
- World class manufacturing facilities
- State of the art equipment to ensure high quality products throughout production
- Highest quality ingredients
- Meet and exceed the high demand of quality, locally produced pet nutrition products not only for the South African market but also internationally

## Manufacturing & Quality Control

### Production Facility & Procurement Procedure

Nutribyte makes use of a world-renowned factory, fully registered and certified as:

- A veterinary-approved facility by the Department of Forestry & Fisheries according to Act 36 of 1947 legislation.
- HACCP approved facility.
- ISO 9000 standards.
- FSSC 22000 facility.
- ZA Certificate facility to be able to do Exports.
- Petfood Industry Association of South Africa (PFI) approved facility.

All raw materials used undergo various steps of quality conformance to ensure only the best available raw materials are used to produce the best diets possible. The selection of raw materials is strictly followed on a "best-available" way, meaning we will always look for the best available raw material available in the market for the specific diet we formulate.

We are proud to say that we use a fixed formula on all diets, meaning that every batch of Nutribyte made is exactly the same as the last to conform to what is listed on the bag. From ingredients list to guaranteed analysis. This allows for a healthier lifestyle and avoids nutritional imbalances. All ingredients are tested pre-production to ensure that they conform to the necessary specifications. Ingredients are also tested for mycotoxins and other contaminants or impurities.

During production there are over 36 quality checks throughout the process performed to ensure best cooking, drying, coating and cooling processes before your favourite diet is packed in superior packaging, ensuring freshness, protection and peace of mind.

## Why Should I Consider Nutribyte For My Fur Friend?

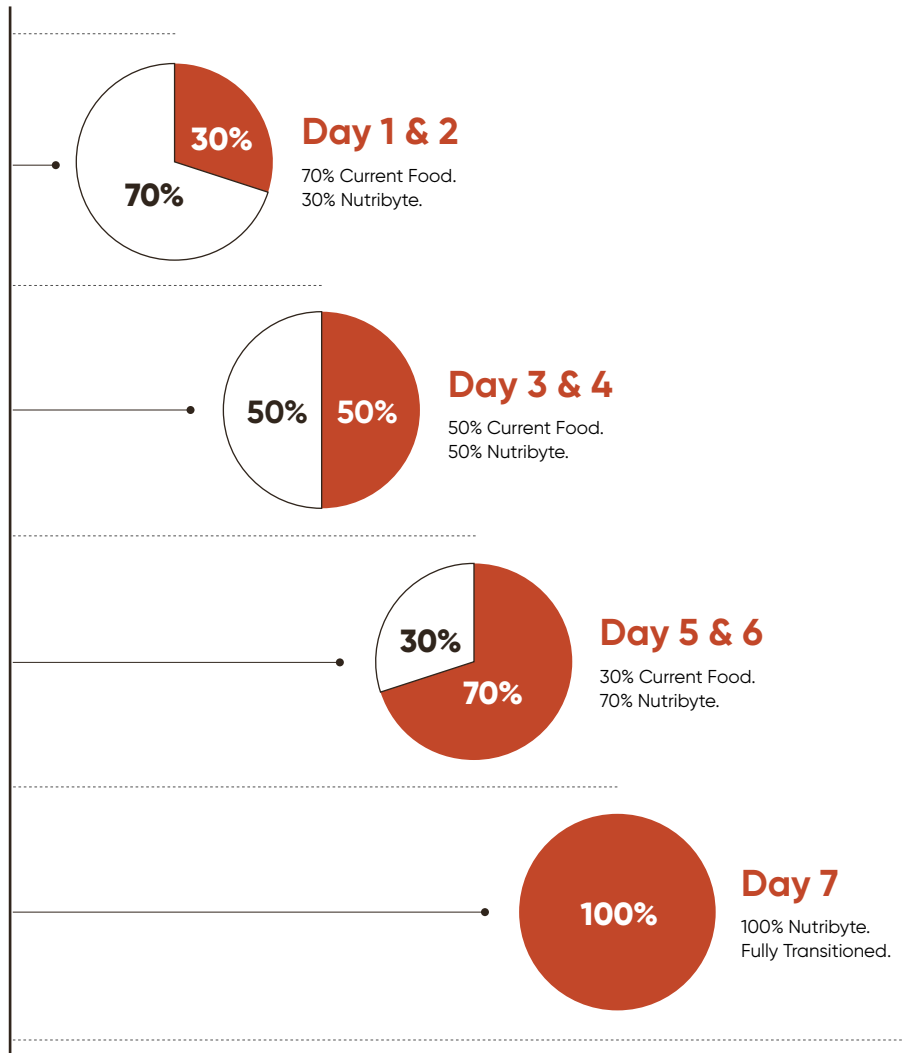

Nutribyte has one goal and that is to supply the best formulated diets, based on science, a wealth of experience and what is best for all Pets, no matter the age, breed or environment.

Nutribyte invests a great amount of time, resources and passion to source only the best, sustainable ingredients when formulating a diet. Quality and trends on nutrition of Petfood is a very debatable subject, but at the end of the day it is important to know what is feasible, sustainable and safe for your Pets' overall health, from Puppy or Kitten to Adult to Senior.

So, when you wonder why you should consider Nutribyte, rest assured that our whole core is to supply the best, always! We will never settle for anything but the best, neither should you when it comes to your beloved pets well-being.

## Transitioning to Nutribyte

Making the switch to Nutribyte is easy. We have developed a method to help your pet make the transition to Nutribyte. Always ensure that your pet has enough water available to drink.

sizes and breeds.

# GENESIS™

## LARGE TO GIANT BREED PUPPY and Mommy

Formulated to meet and exceed requirements of growing large to giant breed puppies. Balanced Ca:P ratio for healthier growing. Suitable for lactating bitches.

L-Carnitine for fat metabolism, sustained energy release and quicker muscle recovery.

Taurine is an essential amino acid to promote heart and brain development.

Glucosamine and Chondroitin for joint protection, lubrication and aiding in mobility.

AVAILABLE IN THESE SIZES:

1.5kg | 8kg | 20kg | 40kg

Kibble Size: 11mm

- Even Coating
- Crunchy Inside
- Finest Milling
- Increased Fat Absorption

### Quality ingredients

High quality imported proteins ensure the best bioavailability and absorption of nutrients possible.

### Unique Formula

The unique formula allows for a balanced diet of proteins, carbohydrates and fats.

### High Levels of Rice

Rice is considered a more digestible grain and increases digestibility and stool formation.

### Unique Poultry Oil & Fat

Specially-blended poultry oil and fat contains higher levels of DHA & EPA, maintaining a healthy and glossy coat.

Optimal calcium and phosphorus ratio. Aids in healthy bone and muscle development.

Kaolin is a unique clay minerals absorbing toxins and excess moisture within the colon. Improves stool structure.

Prebiotic FOS & MOS feeds intestinal probiotic flora, ensuring better digestion and a overall healthy gastro-intestinal tract.

Beta-Glucan assists immune function and activates white blood cells to fight pathogens.

### Ingredients

Ground corn, chicken meat meal, rice (15% min), chicken & ostrich fat (with mixed tocopherols), wheat bran, beet pulp, corn gluten, cold water fish oil, hydrolysed chicken liver, mannan-oligosaccharides, salt, kaolin, choline chloride, vitamin A supplement, vitamin D supplement, vitamin E supplement, vitamin C supplement, zinc sulphate, ferrous sulphate, manganese sulphate, niacin, calcium pantothenate, thiamine mononitrate, copper sulphate, riboflavin supplement, vitamin B12 supplement, pyridoxine hydrochloride, folic acid, potassium iodide, sodium selenite, taurine, glucosamine, l-carnitine, chondroitin, Nutritional Additives (/kg): Vitamin A 12 000 IU, Vitamin D 1 000 IU, Vitamin E 75 IU, Vitamin C 50 mg, Folic Acid 0.25 mg, Zinc sulphate 120 mg, Ferrous sulphate 45 mg, Manganese sulphate 6.5 mg, Copper sulphate 6 mg

### Guaranteed Analysis

Crude Protein	26% (min)
Moisture	10% (max)
Total Fat	12% (min)
Fibre	3.5% (max)
Ash	7% (max)
Calcium	1.1% (max)

Large breeds: 2 - 7 years.

# GENESIS™

## SENIOR DOG

*Low Calorie*

Formulated to meet and exceed the requirements of all ageing dogs. Suitable for all breeds.

The balanced levels of calories and fat maintain ideal bodyweight. Carbohydrates like rice and animal based proteins and fats, allows for better digestion.

L-Carnitine is used for sustained energy release and quicker muscle recovery after exercise.

Zeolites are unique-mineral clays that help form stools and reduce the faecal odour while having a detoxifying function within the colon.

Special salts and esters used to fight tartar build up on teeth and assists in oral care.

AVAILABLE IN THESE SIZES:  
1.5kg | 8kg | 20kg

Kibble Size: 13mm

- Even Coating
- Crunchy Inside
- Finest Milling
- Easy-to-chew kibble

### Quality ingredients

High quality imported proteins ensure the best bioavailability and absorption of nutrients possible.

### Unique Formula

The unique formula allows for a balanced diet of proteins, carbohydrates and fats.

### High Levels of Rice

Rice is considered a more digestible grain and increases digestibility and stool formation.

### Unique Poultry Oil & Fat

Specially-blended poultry oil and fat contains higher levels of DHA & EPA, maintaining a healthy and glossy coat.

### Ingredients

Ground corn, chicken meat meal, porcine meat meal, wheat bran, rice (10% min), chicken & ostrich fat (with mixed tocopherols), beet pulp, cold water fish oil, mannanoligosaccharides, hydrolysed chicken liver, zeolite, salt, choline chloride, vitamin A supplement, vitamin D supplement, vitamin E supplement, vitamin C supplement, zinc sulphate, ferrous sulphate, manganese sulphate, niacin, calcium pantothenate, thiamine mononitrate, copper sulphate, riboflavin supplement, vitamin B12 supplement, pyridoxine hydrochloride, folic acid, potassium iodide, sodium selenite, taurine, L-carnitine, glucosamine, chitosan, green lipped mussel extract.

Nutritional Additives (/kg): Vitamin A 12 000 IU, Vitamin D 1 000 IU, Vitamin E 75 IU, Vitamin C 50 mg, Folic Acid 0.25 mg, Zinc sulphate 120 mg, Ferrous sulphate 45 mg, Manganese sulphate 6.5 mg, Copper sulphate 6 mg

### Guaranteed Analysis

Crude Protein	20% (min)
Moisture	10% (max)
Total Fat	8% (min)
Fibre	5% (max)
Ash	7.5% (max)
Calcium	1.5% (max)
Phosphorus	0.9% (min)
Omega-6 Fatty Acids	1.5% (min)
Omega-3 Fatty Acids	0.25% (min)
Omega-6:3 Ratio	3-6:1
Ca:P Ratio	1.5:1
MOS & FOS	1000 mg/kg (min)
L-Carnitine	500 mg/kg (min)
Glucosamine	500 mg/kg (min)
Taurine	450 mg/kg (min)
Beta Glucan	135 mg/kg (min)
Chitosan	100 mg/kg (min)
Green Lipped Mussel Extract	100 mg/kg (min)
Chondroitin	60 mg/kg (min)
Metabolizable Energy	345 kcal/100g

Taurine is an amino-acid added to help maintain heart and cognitive functions. Vital for Cardiomyopathy susceptible breeds.

Green Lipped Mussel (GLM) extract has very potent anti-inflammatory benefits that assist in joint and stomatitis pain relief.

Chitosan a.k.a. chitin is a polysaccharide fibre used to bind phosphates and fat, which assists with kidney care and may help with weight control.

A world-renowned supplement, aiding in the development and protection of cartilage may also help maintain healthy mobility and lubrication in joints.

Feed small to medium breeds from 10 years onwards.  
Feed large to giant breeds from 7 years onwards.

## Feeding Schedules

Feeding schedules are mere guidelines to feeding your dog at a specific age with a specific diet. Considering activity, the environment and the fact that all animals are different, changes can be made to the amount you feed your pet, whether it's more or less. Please feel free to contact us if you are uncertain about the amount to feed your pet.

### Large to Giant Breed Puppy

Expected Adult Weight	Your puppy's age in months				
	2 - 4 Months	4 - 6 Months	6 - 9 Months	9 - 12 Months	13 - 24 Months
25kg - 40kg	305g - 385g	435g - 560g	460g - 570g	440g - 555g	425g - 540g
40kg - 50kg	385g - 405g	560g - 595g	570g - 670g	555g - 655g	540g - 640g
50kg - 60kg	405g - 425g	595g - 700g	670g - 770g	655g - 760g	640g - 730g
60kg - 70kg	425g - 475g	700g - 770g	770g - 855g	760g - 840g	730g - 810g
80kg+	525g+	840g+	950g+	935g+	890g+

### Pregnant or Lactating Dogs

Body mass	Amount to feed per day
30kg - 40kg	530g - 670g
40kg - 50kg	670g - 790g
50kg - 60kg	790g - 1000g
60kg - 70kg	1000g - 1045g
80kg+	1100g+

### Disclaimer

Although Nutribyte Large to Giant Breed Puppy conforms to the AAFCO standards for lactating bitches, it is still advised to supplement these bitches with additional Calcium to prevent Milk fever. Consulting a veterinarian and considering litter sizes is strongly advised!

Feed up until 24 months of age.

### Adult Maintenance

Weight of Dog (kg)	Low Activity	Household (Moderate) Activity	High Activity
5kg - 10kg	80g - 135g	100g - 170g	140g - 230g
10kg - 20kg	135g - 235g	170g - 280g	230g - 390g
20kg - 30kg	235g - 315g	280g - 375g	390g - 525g
30kg - 40kg	315g - 390g	375g - 475g	525g - 655g
40kg - 50kg	390g - 465g	475g - 570g	655g - 775g
50kg - 60kg	465g - 600g	570g - 725g	775g - 995g
60kg - 70kg	600g - 630g	725g - 765g	995g - 1045g
70kg - 80kg	630g - 660g	765g - 805g	1045g - 1100g

Small breeds: 2 - 10 years.

Large breeds: 2 - 7 years.

### Senior Dog Low Calorie

#### Normal Activity

Body Mass (kg)	Normal Activity (g/day)
1kg - 5kg	25g - 90g
5kg - 10kg	90g - 145g
15kg - 20kg	200g - 250g
25kg - 30kg	295g - 335g
35kg - 50kg	380g - 500g
55kg - 70kg	550g - 650g
80kg +	685g +

#### Low Calorie

Body Mass (kg)	Low Calorie (g/day)
1kg - 5kg	25g - 75g
5kg - 10kg	75g - 120g
15kg - 20kg	165g - 200g
25kg - 30kg	240g - 275g
35kg - 50kg	310g - 400g
55kg - 70kg	460g - 655g
80kg +	575g +

Feed small to medium breeds from 10 years onwards.

Feed large to giant breeds from 7 years onwards.

### Ingredients

Ground corn, chicken meat meal, porcine meat meal, wheat bran, rice (10% min), chicken & ostrich fat (with mixed tocopherols), beet pulp, cold water fish oil, mannanoligosaccharides, hydrolysed chicken liver, zeolite, salt, choline chloride, vitamin A supplement, vitamin D supplement, vitamin E supplement, vitamin C supplement, zinc sulphate, ferrous sulphate, manganese sulphate, niacin, calcium pantothenate, thiamine mononitrate, copper sulphate, riboflavin supplement, vitamin B12 supplement, pyridoxine hydrochloride, folic acid, potassium iodide, sodium selenite, taurine, l-carnitine, glucosamine, chitosan, green lipped mussel extract.

Nutritional Additives (/kg): Vitamin A 12 000 IU, Vitamin D 1 000 IU, Vitamin E 75 IU, Vitamin C 50 mg, Folic Acid 0.25 mg, Zinc sulphate 120 mg, Ferrous sulphate 45 mg, Manganese sulphate 6.5 mg, Copper sulphate 6 mg

### Guaranteed Analysis

Crude Protein	20% (min)
Moisture	10% (max)
Total Fat	8% (min)
Fibre	5% (max)
Ash	7.5% (max)
Calcium	1.5% (max)
Phosphorus	0.9% (min)
Omega-6 Fatty Acids	1.5% (min)
Omega-3 Fatty Acids	0.25% (min)
Omega-6:3 Ratio	3-6:1
Ca:P Ratio	1.5:1
MOS & FOS	1000 mg/kg (min)
L-Carnitine	500 mg/kg (min)
Glucosamine	500 mg/kg (min)
Taurine	450 mg/kg (min)
Beta Glucan	135 mg/kg (min)
Chitosan	100 mg/kg (min)
Green Lipped Mussel Extract	100 mg/kg (min)
Chondroitin	60 mg/kg (min)
Metabolizable Energy	345 kcal/100g

Taurine is an amino-acid added to help maintain heart and cognitive functions. Vital for Cardiomyopathy susceptible breeds.

Green Lipped Mussel (GLM) extract has very potent anti-inflammatory benefits that assist in joint and stomatitis pain relief.

Chitosan a.k.a. chitin is a polysaccharide fibre used to bind phosphates and fat, which assists with kidney care and may help with weight control.

A world-renowned supplement, aiding in the development and protection of cartilage may also help maintain healthy mobility and lubrication in joints.

**Feed small to medium breeds from 10 years onwards.  
Feed large to giant breeds from 7 years onwards.**

## Feeding Schedules

Feeding schedules are mere guidelines to feeding your dog at a specific age with a specific diet. Considering activity, the environment and the fact that all animals are different, changes can be made to the amount you feed your pet, whether it's more or less. Please feel free to contact us if you are uncertain about the amount to feed your pet.

### Small to Medium Breed Puppy

Expected Adult Weight	Your puppy's age in months				
	2 - 4 Months	4 - 6 Months	6 - 9 Months	9 - 12 Months	13 - 24 Months
1kg - 5kg	35g - 110g	45g - 125g	40g - 115g	35g - 115g	425g - 540g
5kg - 10kg	110g - 155g	125g - 205g	115g - 200g	115g - 190g	540g - 640g
10kg - 20kg	155g - 250g	205g - 335g	200g - 320g	190g - 315g	640g - 730g

### Pregnant or Lactating Dogs Disclaimer

Body mass	Amount to feed per day
1kg - 5kg	50g - 145g
5kg - 10kg	145g - 225g
10kg - 20kg	225g - 400g

Lactating bitches need to feed more to ensure that they get in enough nutrients to produce enough healthy milk for puppies. Please ensure that lactating bitches stick to this feeding schedule to prevent nutritional imbalances and a shortage in calcium levels of the milk they produce. Ensure that your dog has access to clean fresh water at all times.

**Feed up until 18 months of age.**

### Adult Maintenance Small Bite

Weight of Dog (kg)	Low Activity	Household (Moderate) Activity	High Activity
5kg - 10kg	80g - 135g	100g - 170g	140g - 230g
10kg - 20kg	135g - 235g	170g - 280g	230g - 390g
20kg - 30kg	235g - 315g	280g - 375g	390g - 525g
30kg - 40kg	315g - 390g	375g - 475g	525g - 655g
40kg - 50kg	390g - 465g	475g - 570g	655g - 775g
50kg - 60kg	465g - 600g	570g - 725g	775g - 995g
60kg - 70kg	600g - 630g	725g - 765g	995g - 1045g
70kg - 80kg	630g - 660g	765g - 805g	1045g - 1100g

**Small breeds: 2 - 10 years.**  
**Large breeds: 2 - 7 years.**

### Senior Dog Small Bite

**Normal Activity**

Body Mass (kg)	Normal Activity (g/day)
1kg - 5kg	25g - 90g
5kg - 10kg	90g - 145g
15kg - 20kg	200g - 250g
25kg - 30kg	295g - 335g
35kg - 50kg	380g - 500g
55kg - 70kg	550g - 650g
80kg +	685g +

**Low Calorie**

Body Mass (kg)	Low Calorie (g/day)
1kg - 5kg	25g - 75g
5kg - 10kg	75g - 120g
15kg - 20kg	165g - 200g
25kg - 30kg	240g - 275g
35kg - 50kg	310g - 400g
55kg - 70kg	460g - 655g
80kg +	575g +

**Feed small to medium breeds from 10 years onwards.**  
**Feed large to giant breeds from 7 years onwards.**

# GENESIS™

## KITTEN

Formulated to meet and exceed the requirements of all kittens and formulated to prevent struvite crystal forming, whilst assisting in hairball management.

The fortification of Taurine helps the development of eyesight and prevents cats from going blind as cats cannot produce this essential amino-acid by themselves.

Taurine is an amino-acid that helps the development of the heart and heart function.

Cellulose fibres along with soluble fibre like MOS and FOS, help prevent hairball forming by assisting hair through the digestive tract.

AVAILABLE IN THESE SIZES:

1.5kg | 3kg

Kibble Size: 5mm

- Finest Milling
- Even Coating
- Crunchy Inside
- Unique Palatability

### Quality ingredients

High quality imported proteins ensure the best bioavailability and absorption of nutrients possible.

### Unique Formula

The unique formula allows for a balanced diet of proteins, carbohydrates and fats.

### High Levels of Rice

Rice is considered a more digestible grain and increases digestibility and stool formation.

### Unique Poultry Oil & Fat

Specially-blended poultry oil and fat contains higher levels of DHA & EPA, maintaining a healthy and glossy coat.

Higher levels of Omega 3 & 6 allow for optimal skin health and a lustre coat.

The balanced levels of minerals especially magnesium, phosphorus and calcium significantly decreases the risk of Struvite crystal forming within the bladder. Proven trials are done yearly to ensure effectiveness.

High Omega 3 a level automatically allows for higher DHA & EPA levels that assist in brain and cognitive function.

### Ingredients

Dehydrated chicken protein\* (min 24%), rice, corn, corn gluten, chicken and ostrich fats (with mixed tocopherols), hydrolysed chicken liver, powdered cellulose, brewer's yeast, beet pulp, whole egg powder, inulin, salmon oil, potassium chloride, acidifiers, salt, choline chloride, taurine, vitamin A supplement, vitamin D supplement, vitamin E supplement, vitamin C supplement, zinc sulphate, ferrous sulphate, biotin, manganese sulphate, niacin, calcium pantothenate, thiamine mononitrate, copper sulphate, riboflavin supplement, vitamin K supplement, vitamin B12 supplement, pyridoxine hydrochloride, folic acid, calcium iodate, sodium selenite

Nutritional Additives (/kg): Vitamin A 12 500 IU, Vitamin D 1 250 IU, Vitamin E 125 IU, Vitamin C 75 mg, Folic Acid 0.80 mg, Zinc sulphate 80 mg, Ferrous sulphate 100 mg, Manganese sulphate 10 mg, Copper sulphate 10 mg, Taurine 1 500 mg

\*Imported low ash chicken meal for balanced mineral levels.

### Guaranteed Analysis

Crude Protein	33% (min)
Moisture	10% (max)
Total Fat	18% (min)
Fibre	3% (max)
Ash	7% (max)
Calcium	1.4% (max)
Phosphorus	0.9% (min)
Omega-6 Fatty Acids	3% (min)
Omega-3 Fatty Acids	1.5% (min)

BALANCED NUTRITION IN EVERY BYTE

# Endurance

## TURKEY, OATS & FLAXSEED

Formulated to meet and exceed the requirements of all working dogs especially in Endurance conditions and as a specialised diet for aid in digestive, skin and food related allergies.

Novel proteins like turkey and novel starches like oats, assist in sensitive digestive tracts.

The 30% Protein and 20% fat is derived from 95% animal origin making this diet very bio-available and supplies sustained release energy throughout the day.

The addition of Glucosamine and Chondroitin helps with ultimate joint support in working and sports dogs.

AVAILABLE IN THESE SIZES:

1.5kg | 8kg | 20kg

Kibble Size: 13mm

- Finest Milling
- Even Coating
- Crunchy bite size kibbles
- Unique Palatability

### Quality ingredients

High quality imported proteins ensure the best bioavailability and absorption of nutrients possible.

### Unique Formula

The unique formula allows for a balanced diet of proteins, carbohydrates and fats.

### High Levels of Rice

Rice is considered a more digestible grain and increases digestibility and stool formation.

### Unique Poultry Oil & Fat

Specially-blended poultry oil and fat contains higher levels of DHA & EPA, maintaining a healthy and glossy coat.

This diet is suitable for growing puppies and all active dogs. Placid dogs may get overweight on this diet. Not recommended for Senior dogs.

No corn, corn gluten or wheat is used in this product. Assists with allergies and digestive issues.

High levels of proteins, fat, slow energy-releasing grains assists with muscle building and body conditioning.

### Ingredients

Rice, turkey meal (18% min), chicken meat meal (15% min), chicken and ostrich fats (with mixed tocopherols), ground oats (5% min), flaxseed, beet pulp, dried green peas, cold-water fish oil, hydrolysed ostrich liver, mannan-oligosaccharides, potassium chloride, salt, kaolin, choline chloride, vitamin A supplement, vitamin D supplement, vitamin E supplement, vitamin C supplement, zinc sulphate, ferrous sulphate, manganese sulphate, niacin, calcium pantothenate, thiamine mononitrate, copper sulphate, riboflavin supplement, vitamin B12 supplement, pyridoxine hydrochloride, folic acid, calcium iodate, sodium selenite, taurine, glucosamine, L-carnitine, chondroitin.

Nutritional Additives (/kg): Vitamin A 12 000 IU, Vitamin D 1 000 IU, Vitamin E 75 IU, Vitamin C 50 mg, Folic Acid 0.25 mg, Zinc sulphate 120 mg, Ferrous sulphate 45 mg, Manganese sulphate 6.5 mg, Copper sulphate 6 mg

Suitable for all life stages except senior.

# Mother's Miracle

## CHICKEN, RICE & DRIED EGG

Formulated to meet and exceed the requirements of pregnant and lactating bitches. This diet is also specifically designed to feed new born puppies by being rehydratable and supplying enough energy for growing puppies and lactating mothers. Specifically formulated for Large to Giant Breeds.

The absence of corn allows the kibble to completely disintegrate and become like porridge when mixed with warm water. This allows small puppies to chew on softer food

High levels of carbohydrates and fat allow for healthy milk production. Increased calcium and other balanced minerals allow for healthy growth in new born puppies.

Extremely high levels of protein, fat and fibre allow for the necessary energy levels to produce healthy milk and allows for healthy growth in new born puppies.

This formula caters specifically for Large to Giant breed puppies and have the correct Calcium and Phosphorus ratios that is crucial for their growth rate.

### Quality ingredients

High quality imported proteins ensure the best bioavailability and absorption of nutrients possible.

### Unique Formula

The unique formula allows for a balanced diet of proteins, carbohydrates and fats.

### High Levels of Rice

Rice is considered a more digestible grain and increases digestibility and stool formation.

### Unique Poultry Oil & Fat

Specially-blended poultry oil and fat contains higher levels of DHA & EPA, maintaining a healthy and glossy coat.

### Ingredients

Rice (36% min), chicken meat meal (29% min), chicken and ostrich fats (with mixed tocopherols), flaxseed (5% min), dried whole egg powder, wheat gluten, beet pulp, inulin, cold water fishoil, mannanoligosaccharides, hydrolysed ostrich liver, potassium chloride, salt, choline chloride, vitamin A supplement, vitamin D supplement, vitamin E supplement, vitamin C supplement, zinc sulphate, ferrous sulphate, manganese sulphate, niacin, calcium pantothenate, thiamine mononitrate, copper sulphate, riboflavin supplement, vitamin B12 supplement, pyridoxine hydrochloride, folic acid, calcium iodate, sodium selenite, taurine,

Nutritional Additives (/kg): Vitamin A 12 000 IU, Vitamin D 1 000 IU, Vitamin E 75 IU, Vitamin C 50 mg, Folic Acid 0.25 mg, Zinc sulphate 120 mg, Ferrous sulphate 45 mg, Manganese sulphate 6.5 mg, Copper sulphate 6 mg

### Guaranteed Analysis

45kg+	35g	115g	175g	195g	250g

### Mother's feeding schedule

Mother's Weight (kg)	Gestation Period In Weeks			
	6 weeks	7 weeks	8 weeks	9 weeks
20kg	370g	310g	437g	470g
25kg - 30kg	425g	455g	500g	535g
30kg - 35kg	475g	515g	545g	595g
40kg - 45kg	520g	565g	615g	656g
45kg+	565g	615g	665g	715g

- Mother's from 6 weeks of gestation until puppies are weaned.
- Puppies from 4 to 8 weeks

## Notes

**Nutribyte**<sup>TM</sup>  
BALANCED NUTRITION IN EVERY BYTE

*Best Value*

Balanced and nutritious quality diets for dogs and cats.

# Buddy Byte<sup>TM</sup>

Adult Dog

Formulated to meet the requirements of all adult to senior dog with a general lifestyle.

**Quality Protein Sources**  
 Proteins and amino acids are the building blocks for a healthy body. Proteins build and repair muscle tissue and hair.

**Quality Carbohydrate Sources**  
 Energy is fuel which enables the body to function. Needed for growth, reproduction, lactation and other bodily functions.

**Quality Fat Sources**  
 Source of energy including Omega 6 & 3 fatty acids for a healthy skin and coat.

**Balanced Vitamins & Minerals**  
 Needed for key metabolic functions, enzymes, optimal nerve function and electrolytic balance.

**Rich In Calcium**  
 For Strong Teeth & Bones

**Omega 6 Fatty Acids**  
 For Healthy Skin & Coat

**All Breeds**  
 Suitable For All Types of Breeds

AVAILABLE IN THESE SIZES:  
 10kg | 20kg | 40kg

Kibble Size: 13mm

- Finest Milling
- Even Coating
- Crunchy bite size kibbles
- Unique Palatability

**Animal Protein Combo**  
 Broader Amino Acid Profile

**Quality Ingredients**  
 For a Healthy Digestion

**Crunchy Kibbles**  
 May Assist With Teeth Cleaning

**Ingredients**

Ground Corn, wheat bran, dehydrated meat protein, chicken fats (with mixed tocopherols), dehydrated chicken protein, salt, potassium chloride, choline chloride, vitamin A supplement, vitamin D supplement, vitamin E supplement, zinc sulphate, ferrous sulphate, manganese sulphate, niacin, calcium pantothenate, thiamine mononitrate, copper sulphate, riboflavin supplement, vitamin B12 supplement, pyridoxine hydrochloride, folic acid, calcium iodate, sodium selenite and approved antioxidants

Nutritional Additives (/kg): Vitamin A 10 000 IU, Vitamin D 800 IU, Vitamin E 50 IU, Folic Acid 0.25 mg, Zinc sulphate 120 mg, Glucosamine sulphate 100mg, Ferrous sulphate 50 mg, Manganese sulphate 10 mg, Copper sulphate 10 mg

**Guaranteed Analysis**

Crude Protein	18% (min)
Moisture	10% (max)
Total Fat	8% (min)
Fibre	4.5% (max)
Ash	8% (max)
Calcium	1.7% (max)
Phosphorus	1% (min)

BALANCED NUTRITION IN EVERY BYTE

# SNACK BYTES<sup>TM</sup>

## DOG BISCUITS

Healthy and nutritious treats for that extra  
snack in-between meals.

# SNACKBYTES™

## DOG BISCUITS

Formulated to satisfy and compliment your adult dog's appetite in between meals. Real peanut butter and chicken add extra taste for the ultimate training-treat reward.

made for  
**ADULT DOGS**

### SUITABLE FOR ALL BREEDS

SnackByte biscuits are shaped so that it is suitable for most medium to large breeds. The easily breakable biscuit makes it easy to give to smaller dogs or giving more than one biscuit for larger or giant breeds.

### ADDED PYROPHOSPHATES FOR ORAL CARE

Pyrophosphates helps control tartar build up and may dissolve excess tartar which aids in better dental health. Good dental health may also help control bad breath.

AVAILABLE IN THESE SIZES:  
**500g | 1kg**

### MADE WITH BROWN RICE

Brown rice is rich in natural fibre to aid in better digestion compared to other mainstream grains. Brown rice also offers high levels of Vitamin B & D which promotes better heart health.

### RICH IN VITAMINS & MINERALS

Vitamins and minerals assist with keeping the immune system healthy, may also increase longevity and supports a healthier lifestyle.

#### Ingredients

Wholegrain Wheat flour, brown rice, chicken meal, vegetable oils, wheat bran, peanut butter (4% min), hydrolysed chicken liver, teeth cleaning agent, salt, vitamins & minerals (Vitamin A, D3, E, B1, B12, C, Folic acid, Choline chloride, Iron sulphate, Zinc sulphate & Sodium selenite), reducing agent and approved antioxidants

#### Guaranteed Analysis

Crude Protein	22.5% (min)
Moisture	10% (max)
Total Fat	15% (min)
Crude Fibre	3% (max)
Crude Ash	6% (max)
Calcium	1.2% (max)
Phosphorus	0.8% (min)

Feed from 1 year onwards

# SNACKBYTES™

## DOG BISCUITS

Formulated to satisfy and compliment your adult dog's appetite in between meals. Real peanut butter and chicken add extra taste for the ultimate training-treat reward.

made for  
**GROWING PUPPIES**

### SUITABLE FOR ALL BREEDS

SnackByte biscuits are shaped so that it is suitable for most medium to large breeds. The easily breakable biscuit makes it easy to give to smaller dogs or giving more than one biscuit for larger or giant breeds.

### ADDED PYROPHOSPHATES FOR ORAL CARE

Pyrophosphates helps control tartar build up and may dissolve excess tartar which aids in better dental health. Good dental health may also help control bad breath.
